

WML™ WHITE / IR

With 400 lumens of vibrant white light, our WML Series is ultra-compact, durable, and offers three operating modes: constant, momentary and strobe. Extensively tested for performance, durability and reliability, its high efficiency emitters provide up to 1.5 hours of runtime in white mode, or 4 hours in infrared mode. This 3-ounce weapon light's concentrated, high-intensity beam fills your field of view for close to mid-range target identification. With just a flip of the lever, instantaneously switch between white or infrared mode. In addition, the easy-to-operate lockout system ensures the light isn't activated until you're ready. Our all-inclusive rail clamping design integrates seamlessly with your weapon, providing simple, fast mounting with no need for additional tools.

400
LUMENS

ACTUAL SIZE

FUNCTIONS	Constant / Momentary / Strobe
MODES	White / Infrared
OUTPUT	400 Lumens (white mode) 100mW (infrared)
RUNTIME	High efficiency LED provides up to 1½ hrs (white) / 4 hrs (infrared)
WEIGHT	3oz/85.048g with battery
SIZE	Length: 4.1 in/10.414 cm Bezel Diameter: 1 in/2.54 cm
MOUNT	Integrated MIL-STD-1913/NAR rail. No tools required.
ACTIVATION	Ergonomic contoured design for easy on/off.
LOCKOUT SYSTEMS	Safety Lever / Head Rotation
CONSTRUCTION	Reinforced polymer body offers high-impact resistance and durability. Patented heat dissipating vents for improved LED thermal management.
WATERPROOF	Up to 66 feet
BATTERY	1 Lithium 123A included, head removes for battery replacement.
